Ballet Academy 2019 All-Day Summer Workshops

4 Week Long Workshops Offered

Summer workshops are fun and challenging and offer students an opportunity to make significant improvements in a relatively short period of time. Workshops emphasize classical ballet technique, artistry and performance while exposing dancers to a variety of disciplines including character, tap, hip hop, modern and ballroom. All workshops include flexibility & strength conditioning.

Students ages 5-8 explore creative movement, rhythm, drama, mime, music props, folk dance, arts and crafts, and ballet stories and literature.

Students ages 8 & up focus on strengthening their technique, batterie, turns, elevation, extension and choreography/variations. Students learn about alignment, anatomy and injury prevention. It is an excellent opportunity for pointe dancers and new/upcoming pointe dancer to improve more rapidly.

There will be a dance presentation at 4:00 on the last Friday of each workshop. Each workshop teaches new dances in all disciplines for the Friday performance. Workshop size is limited and students will be separated by age and level. Fed. Tax #52-1242453 for childcare credit.
